Property Description

Lot 41 and 42 in Tamarindo Park are super unique offerings. These two lots are facing north with breathtaking ocean views/sunset views. On both lots we are going to build an incredible 4 bedroom home with a total of 438m2/4713sf of construction size. All 4 bedrooms are master bedrooms/ensuite with a big walk-in closet. 3 of these bedrooms have an incredible ocean view and 1 has a gorgeous valley view over the National Park Marino de las Baulas and our finca. Aligning with Tamarindo Park's already existing floor plans created by Richard Muller, our newest design will have the open concept with carefully thought sliding doors/windows allowing for natural airflow and light throughout the homes. The terrace invites family and friends to enjoy the beautiful nature while grilling on the BBQ or relaxing in the private pool. With the Tamarindo Park amenities that will be offered, a beach club, an exclusive sunset club, hiking trails, mountain bike trails as well as a Fitness and Wellness club, these homes in particular are the perfect place to call home or capitalize on your investment.
