Property Description

.A New Home in a New Beachside Community – Best of Tropical Living! Recently completed, this home is located in the newly established beach-side community of Playa Organos. This creative 3-level home offers the the best in tropical coastal living. Not only can you walk to the uncrowded, sandy beach but you are also surrounded by hundreds of acres of undeveloped forest land, home to parrots, monkeys, coatis, squirrels and dozens of other typs of birds. The home itself is designed for spacious socializing while maintaining the privacy and intimacy of a personal home. The first level has a small pool on a large deck and a kitchen area to provide for the poolside guests. On the second level there is another large deck with shading leading into the living room kitchen area. Also on this level, there is a large bedroom and bath. The stairs lead up to the 3rd level and the spacious bedroom and private deck.
