Property Description

Built in 2024 and move-in ready, this beautifully designed Caribbean home in the heart of Cahuita offers the best of both worlds: a spacious, fully furnished primary residence with the added advantage of four self-contained guest suites that generate rental income on your schedule. The main home is warm and welcoming, dressed in the vibrant colors and breezy open-concept style that define authentic Caribbean architecture. The layout flows naturally between indoor living spaces and the lush tropical gardens surrounding a private swimming pool, the kind of backyard that makes every day feel like a vacation. Two on-site wells ensure a reliable water supply, and high-speed Starlink internet keeps you connected without compromise. Each of the four guest suites is thoughtfully designed with privacy and comfort in mind, fully equipped and ideal for short-term visitors, family stays, or rental guests.
