Property Description

This is a beautiful 3 bedroom home with 3 full bathrooms located in the highly desirable mountainside community of Lagunas 15 minutes from Dominical. Positioned high on a mountain ridge at about 930 feet elevation for ideal moderate climate day and night. Stunning mountain views and ocean vistas towards Manuel Antonio National Park, Savegre River delta and Playa Matapalo give you spectacular sunset views part of the year. Enjoy daily breezes from the ocean and nightly breezes from the mountain side naturally cooling to the home. This home has been very well maintained and an additional principal bedroom and bathroom were added in 2019. The second main bedroom was renovated adding an en suite sitting room and a completely remodeled bathroom. The 3rd bedroom offers bunk beds and has its own on full bathroom that has shared access with the hallway, perfect for a kids room. There is air conditioning in the bedrooms if needed, but really not necessary in this well designed home.
