Property Description

Every once in a while, you discover a villa that truly captivates your heart. ReSol seamlessly blends elegance with an exceptional guest experience. From the magazine-worthy views from each bedroom to the friendly, attentive staff, from the sophisticated architectural design to the year-round soothing sounds of the nearby river—every detail has been thoughtfully crafted to create a legacy of 5-star excellence. The spaceSet in the lush Escaleras mountains between Dominical and Uvita, ReSol is not your typical “luxury villa.” It’s an experience—a deeply private escape where toucans soar past your morning coffee, and the sound of the creek below replaces any need for a playlist. This four-bedroom architectural retreat blends warm materials with modern sensibility. Each suite offers a king-sized bed, private bath with indoor-outdoor showers, and soaring views. One master even features a carved stone bathtub imported from Bali.
