Property Description

Positioned high in the coveted Escaleras mountains above Dominical, this exceptional estate captures the essence of Costa Rica's most coveted luxury lifestyle. Set within a private gated community, the property offers a rare combination of security, privacy, and breathtaking natural beauty, a combination rarely found in today's market. At the end of the road, where the rainforest canopy opens to expansive Pacific vistas, the estate commands one of the most extraordinary view corridors in the Southern Zone. Here, nature unfolds in every direction, delivering three remarkable panoramas that define the property's character and daily experience. The first is the sunset view, where the Pacific horizon transforms each evening into a canvas of amber, gold, and rose. From the pool terrace and main living spaces, the sun sinks slowly into the ocean while cool breezes rise through the valley below.
