- New Construction

Property Description

Unrivaled in both position and potential, Residencias Samara Beachfront stands as a premier income-generating asset in the most sought-after corridor of Playa Samara. Completed in 2026, this three-story, 515 m² boutique complex was engineered specifically for the luxury hospitality market, offering a rare "zero-road" connection where the property line meets the sand. The infrastructure is thoughtfully partitioned into four high-end independent suites, each boasting its own private kitchen and high-quality finishes, providing a turnkey solution for short-term vacation rentals or a premium owner-operator model. The property's strategic value is anchored by a recently renewed beachfront concession, securing a long-term foothold in an oceanfront market characterized by extreme scarcity and high barriers to entry. While the lower levels provide consistent revenue through independent guest accommodations, the top-floor penthouse serves as the ultimate anchor for the asset.
