Property Description

Casa Green Forest is a brand-new home located within the prestigious gated community of El Salto Estates. Conveniently located in Manuel Antonio, just a 5-minute drive from downtown Quepos and the Marina and 10 minutes from Manuel Antonio National Park and all its spectacular beaches, El Salto boasts one of the area's most coveted locations. The community is accessed through an electric gate just a few meters off the main road to the iconic Manuel National Park, and is defined by its large ecological lots, each measuring a minimum of 1.2 acres in size. The combination of security, exclusivity, privacy and natural allure which these spacious lots provide is a unique feature in an area as popular as Manuel Antonio. Given this coveted market, there's ungrounding value on these large estate properties. Casa Green Forest itself is set into the tropical rainforest and has been designed to marvel day and night at the sights and sounds of the jungle.
