Property Description

Welcome to a very special offering, Finca Mistica. This 436 acre parcel of land is located at the foot of La Fila Chonta Mountain range, approximately 20 minutes north of Quepos. Upon your arrival to the entrance, you feel as though you have entered another world. The interior roads and rolling terrain are lined with flowering plants and mature fruit trees, you can hear the flowing waters of the Rio Damitas as you walk along through the property. The most magical area of the property is along the river, where you will find multiple falls with easy access. Each waterfall offers a unique experience; Some with 2 meter deep swimming holes, another with a cavern, another with a height of 12 meters, others like a gorge perfect for relaxing. The cleansing energy of the river and the natural springs bubbling up from the ground make it clear that this land is abundant with a commodity that many have come to deeply value, that being pure water.
