Property Description

This Beach Resort property offers interested individuals the ideal investment opportunity. It is located right in front of Playa Platanares (Preciosa), only four kilometers from the center of Puerto Jimenez. It's situated in the southern tip of Costa Rica, near the Osa Peninsula, which is known for its' beautiful secluded beaches and lush rainforests. Whether you want to try some eco-adventures or just relax by the water, the Beach Resort is perfect for you. With an eco-friendly atmosphere and a beach resort, this property could continue to be a successful investment for the right buyer.This property is all about the location. The property makes you feel like you entered a Costa Rican paradise. It's located near the Golfo Dulce Harbor, which houses a variety of underground species, including bottle-nosed dolphins and humpbacked whales. The best time to see these migratory mammals are late summer through early falls.
