Property Description

Very unique opportunity for anyone looking to live in Paradise and manage their own schedule while collecting rent. This one and half-acre property is well located within the gated community of "Finca Se Ve Bien" which is only 3 minutes from Quepos and accessed by a paved road. The property and residential development are well-established and home to several full-time residences and vacation rental properties, conveniently located 7 minutes to the world renowned Marina Pez Vela Marin and just 15 minutes to the iconic Manuel Antonio National Park. The property being offered sits at the end of a private road and is comprised of a tract of rolling hillside land which overlooks the forest and high mountain range in the distance. Three, separate homes are set tastefully on the property, each with their independent access and sense of privacy. The property is only a few years old and has been impeccably maintained by the European owners who built it.
